

SUMMIT AT COPPER SQUARE

DEVELOPER: W DEVELOPMENTS
ARCHITECT: HIRSCH ASSOCIATES, LLC
CONTRACTOR: WEITZ COMPANY
SQUARE FOOTAGE: 800,000 SF
LOCATION: PHOENIX, ARIZONA
PROJECT COST: \$44,000,000
COMPLETION DATE: 2007

SUMMIT AT COPPER SQUARE was the first modern high rise condominium built in downtown Phoenix, the 22 story yellow, blue and burnt orange high rise at 4th Street and Jackson. Condos range in size from 898 to 1500 SF.

SUMMIT AT COPPER SQUARE has 165 units of luxury high rise condominiums and lofts; offering magnificent views of midtown and downtown Phoenix, the South Valley, and distant views of the north and east Valley. There are seven condos on the fifth floor (sharing the floor with the pool, fitness center, meeting room/lounge, and terrace), ten high rise condominiums on floors six through nineteen, and six Penthouse condos on each of floors twenty, twenty one and twenty two.

The parking garage and the front entrance to **SUMMIT AT COPPER SQUARE** are located on floors one through four.
